REVIEWS:

“On 25th March a group of us attended the Buddy Holly Show at STARplex. We had 19 people so we booked 2 tables and we also booked for dinner. Let’s face it, why wouldn’t you? \$42.00 for dinner and a show, where else could you get that sort of value for money? This is the second dinner and show of this type that we have been to at Starplex and like the first one (George Harrison Show) the Buddy Holly show was excellent.

It was a very entertaining show performed by very talented artists who knew how to relate to an audience. Looking around during the performance it was great to see nearly everyone in the audience tapping and singing along and then there were the more enthusiastic Buddy Holly fans up there and dancing.

The evening could be summed up in one word. Fantastic! Our entire group agreed and we are now talking about getting our bookings in for the Roy Orbison and the Rat Pack shows coming up.

A great night out and the best thing is it is right here in Gawler!
