KIDS CLUB GUIDELINES

- Parents/Guardians are to remain within STARplex whilst the children are in Kids Club.
- All children must have an up to date enrolment form.
- All children need to be accompanied to and from Kids Club by their parent/guardian, and need to be signed in on arrival and out on departure for safety reasons.
- For the safety of the children, all children need to be collected by the same person who signed the children in, unless prior arrangements have been made with a staff member.
- In order for staff to provide a balanced ratio of children to adults, children need to be booked in advance. If numbers of children are low Kids Club children will be cared for in the Crèche whilst still participating in Kids Club activities.
- Please ensure that you cancel your booking if you are unable to attend Kids Club, so children on the waiting list can be given your place.
- Please ensure for the health and safety of our children and staff that your child is well enough to attend Kids Club.

ALLERGIES/MEDICAL

We have had an increase in the number of children attending Kids Club with various food allergies or medical conditions. Certain allergies/medical conditions pose a life threatening risk to these children. In an emergency situation, these children may require certain medication to be administered. An action plan together with the relevant medication must be handed to staff on your arrival to each session, so that staff are alerted to your child's medical needs and can access medication quickly if the need arises.

- **In an emergency situation, staff will follow STARplex's policies. Should a child require medical attention, staff will first meet the child's immediate needs, i.e. call an ambulance, and then make contact with parents/guardians.**

Please feel free to approach the Kids Club staff if you need to fill in an "Action Plan" or with any questions or feedback.
